Members of the Board of Trustees and the Legislative Audit Committee:

We have completed the financial statement audit of The State Board of the Great Outdoors Colorado Trust Fund as of and for the years ended June 30, 2008 and 2007. Our audit was conducted in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

We were engaged to conduct our audit pursuant to Article XXVII, Section 6(3), of the Colorado Constitution, which requires the State Auditor to conduct an annual audit of The State Board of the Great Outdoors Colorado Trust Fund. The reports that we have issued as a result of this engagement are set forth in the table of contents, which follows.

Report Summary

Financial and Compliance Audit

For the Years Ended June 30, 2008 and 2007

Authority, Purpose and Scope

The 2008 audit of The State Board of the Great Outdoors Colorado Trust Fund (“GOCO”) was completed under the authority of Article XXVII, Section 6(3), of the Colorado Constitution, which requires the State Auditor to conduct an annual audit of GOCO, and Section 2-3-103, C.R.S., which authorizes the State Auditor to conduct annual audits of political subdivisions as required by law. The State Auditor has contracted with Anton Collins Mitchell LLP to conduct this audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. We performed our audit work during the period from June through September 2008.

The purpose of this audit was (a) to perform a financial and compliance audit of GOCO including a review of internal controls as required by generally accepted auditing standards and *Government Auditing Standards*, (b) to review GOCO’s compliance with appropriate state and federal laws and rules and regulations which could have a material effect on GOCO’s financial statements, (c) to prepare audit findings and recommendations for improvements in internal controls, and (d) to evaluate progress in implementing prior audit findings.

We expressed an unqualified opinion on GOCO’s financial statements for the Fiscal Years Ended June 30, 2008 and 2007. Our opinion letter, dated September 5, 2008, is presented in the Financial Statement section of this report.

Summary of Current Year Findings and Recommendations

We have identified one finding as follows:

Finding

Ongoing effort is needed to meet the requirement that “amounts expended for each of the [funding categories] over a period of years be substantially equal” under Article XXVII.

Summary of Progress in Implementing Prior Audit Recommendations

The audit report for the Fiscal Year Ended June 30, 2007, included one recommendation. The disposition of this audit recommendation is as follows:

Partially implemented

The State Board of the Great Outdoors Colorado Trust Fund

Description of The State Board of the Great Outdoors Colorado Trust Fund

Fiscal Years Ended June 30, 2008 and 2007

The Great Outdoors Colorado Trust Fund (GOCO) and the State Board that oversees GOCO were created by Article XXVII of the Colorado Constitution. Article XXVII is the result of the passage of the Great Outdoors Colorado Initiative (Amendment 8) during the November 3, 1992 election. Fiscal Year 2008 is the fifteenth year of operations for GOCO. During 2002, House Bill 1250 extended the termination date of the State Lottery from July 1, 2009 to July 1, 2024, thus continuing funding for GOCO through June 30, 2024.

Article XXVII establishes procedures for the distribution of net proceeds from state-supervised Lottery games. The intent of Article XXVII is to use a portion of net Lottery proceeds to provide funding for wildlife, park, river, trail and open space resources and related programs. To help ensure this, Article XXVII allocated part of net Lottery proceeds to GOCO. In turn, GOCO is responsible for funding appropriate programs through designated state and local agencies as well as other qualifying entities.

The State Board that oversees GOCO consists of two members of the public from each of the seven congressional districts, appointed by the Governor; a representative designated by the State Board of Parks and Outdoor Recreation; a representative designated by the Colorado Wildlife Commission; and the Executive Director of the Department of Natural Resources. Monies allocated to GOCO are for the purposes established in Article XXVII and are not subject to appropriation for any other purpose. GOCO is a political subdivision of the State. During Fiscal Year 2008, GOCO had a permanent staff of 13 and received \$53.1 million in net Lottery proceeds, the maximum allowable for Fiscal Year 2008.

The State Board of the Great Outdoors Colorado Trust Fund

Finding and Recommendation

Fiscal Years Ended June 30, 2008 and 2007

Our audit included a financial and compliance audit of GOCO including a review of internal controls as required by generally accepted auditing standards and *Government Auditing Standards*, and a review of GOCO's compliance with appropriate state and federal laws and rules and regulations which could have a material effect on GOCO's financial statements.

We identified the following area where additional efforts could be beneficial.

Constitutional Requirements for Spending

Article XXVII requires that "amounts expended for each of the [funding categories] over a period of years be substantially equal." The four funding categories are wildlife, state parks and outdoor recreation, competitive grants for open space and competitive matching grants to local governments and other qualifying entities for open lands and parks.

The following two charts show the cumulative amounts in two different stages of the grants. *Grants Authorized* represents the amount, by category, approved by the GOCO Board. This authorization process is used by the GOCO Board to achieve the goal of substantially equal expenditures across the four categories. *Grants Expended* represents cumulative actual expenditures.

GOCO Grants Cumulative through Fiscal Year 2008 (in thousands)

Program Category	Grants Authorized		Grants Expended		Over (Under) 25% Expended
	Amount	%	Amount	%	
Category 1 – Wildlife	\$ 157,764	24.1%	\$ 131,345	24.9%	\$ (612)
Category 2 – State parks and outdoor recreation	143,927	22.0%	132,471	25.1%	514
Category 3 – Competitive grants for open space	179,385	27.5%	135,288	25.6%	3,332
Category 4 – Competitive matching grants to local governments for open lands and parks	172,644	26.4%	128,722	24.4%	(3,234)

Source: Data provided by GOCO

This next chart compares the cumulative percentages in each category for Fiscal Years 2007 and 2008 and calculates the variance of the percentages. During Fiscal Year 2008, one *Grants Expended* variance has moved further from compliance with the constitutional requirement of 25%. Specifically, Category 4 expenditures for competitive matching grants to local governments for open lands and parks fell from 25.0% to 24.4%. The other categories moved closer to the 25% requirement.

The State Board of the Great Outdoors Colorado Trust Fund

Finding and Recommendation

Fiscal Years Ended June 30, 2008 and 2007

Having the expenditures for funding purposes be substantially equal continues to be a significant goal for the GOCO Board. The issue is discussed and considered whenever the Board is making a financial decision on allocating funds for new grant awards. In addition, the Board continues to review procedures to evaluate if there are additional ways to encourage more timely requests for reimbursement of awards.

GOCO has addressed this area over the past several years:

Previously, the Local Government grant expenditures were measured at about 23% of total grant expenditures. As a result of suggestions from the annual audit, the GOCO Board reviewed the procedures of the Local Government program. The result was that GOCO began offering progress payments and advance payments to Local Government grantees to increase the timeliness of reimbursements. In addition, the Board instituted an Overdue Grant policy which also encourages more timely completion of projects. These changes have been positive in that, per the chart on page 4, the Local Government purpose expenditures are at 24%. The Board intends to again review the policies for modifications and extensions on grants at their Board Retreat in October 2008. Continually reviewing these policies and adjusting them to encourage completion of projects will improve expenditures being substantially equal and improve cash flow.

The Board takes a different approach within each funding purpose to help keep expenditures substantially equal. Both the Open Space and Local Government purposes have many eligible grantees (including all local governments in the state.) When expenditures in these purposes are lower than 25%, making additional awards beyond 25% would result in increasing the expenditures in these purposes. In addition changes to the overdue grant policies would impact the timing of reimbursements for both these purposes. The Board used this approach with Local Governments four years ago by awarding a higher percentage to this purpose.

The funding for Wildlife and Parks is managed differently as each of these purposes has just one agency as an eligible grantee. The expenditures for these purposes usually are lagging below 25% due to the agency not spending the funds in a timely manner rather than because of a lack of awards; therefore, GOCO works with the agencies to encourage them to complete projects and ask for reimbursement prior to additional capital funding being awarded. In the past fiscal year, the GOCO Board has been actively working with the Division of Wildlife staff and the Wildlife Commission to address the expenditure level of the Wildlife purpose without awarding additional capital funding. As a result, the Division of Wildlife expended approximately \$20 million in Fiscal Year 2008 or 38% of GOCO's total grant expenditures in that fiscal year. This increase in expenditures through working with DOW improved the substantially equal percentage for this purpose from 23.4% to 24.9%.

Currently, the Outdoor Recreation expenditures through the Division of Parks and Outdoor Recreation are at 25.1% of total expenditures. During the past several years, GOCO has had concerns about the internal controls within the Division and has increased its financial scrutiny of DPOR expenditures. In July 2008, a performance audit issued by the State Auditor confirmed that internal control issues existed. In July 2008, the GOCO Board rescinded \$8.6 million in awards to the Division of Parks and Outdoor Recreation. It is reasonable to expect that the rescission of these awards and GOCO's increased scrutiny of the reimbursement requests will limit the amount of grant expenditures in Fiscal Year 2009 for this purpose.

The GOCO Board continues to actively review the various purposes for compliance with the Constitutional requirement that each purpose's expenditures are substantially equal over time.

The State Board of the Great Outdoors Colorado Trust Fund
Finding and Recommendation
Fiscal Years Ended June 30, 2008 and 2007

GOCO Grants Cumulative Comparison Fiscal Year 2008 and Fiscal Year 2007

Program Category	Grants Expended

	100.0%	100.0%		
Noncategorized – Discretionary	N/A	N/A		

Source: Data provided by GOCO

Recommendation No. 1

The Board should ensure that *grants expended* achieve substantial equivalence over a period of years for each of the four funding categories. To satisfy the constitutional requirement of substantially equivalent expenditures among the four funding categories, the Board and management should continue their efforts to encourage and assist authorized grantees in completing projects and submitting reimbursement requests in a timely manner, as appropriate.

GOCO Response

Agree, Ongoing Implementation

GOCO continues to progress toward satisfying its Constitutional requirement under Article XXVII “that the amounts expended for each of the [funding categories] over a period of years be substantially equal.” At the end of Fiscal Year 2008, expenditures for all of the four funding purposes are within 1% of being substantially equal. The expenditures by purpose for the year ended June 30, 2008 are as follows:

	Cumulative Grants Expended (in thousands)	
	Amount	Percentage
Wildlife	\$ 131,345	24.9%
Parks & Outdoor Recreation	132,471	25.1%
Open Space	135,288	25.6%
Local Government	128,722	24.4%
	\$ 527,826	100.0%

The State Board of the Great Outdoors Colorado Trust Fund

Disposition of Prior Audit Recommendation

Fiscal Years Ended June 30, 2008 and 2007

The following audit recommendation is from The State Board of the Great Outdoors Colorado Trust Fund financial and compliance audit for the Fiscal Year Ended June 30, 2007.

Recommendation	Disposition
1. The Board should continue to monitor expenditures being substantially equal over a period of years. For funding categories that are below the 25 percent level, focus on increasing grant distributions by encouraging applicants and awardees to submit grant applications, complete projects and submit reimbursement requests in a timely manner.	Partially implemented. While GOCO has made efforts to ensure that awards are equal across quadrants, expenditures remain unequal.

Financial Statements Section

Independent Auditors' Report

Members of the Board of Trustees and the Legislative Audit Committee:

We have audited the accompanying financial statements of the governmental activities and major fund of The State Board of the Great Outdoors Colorado Trust Fund ("Great Outdoors Colorado"), as of and for the years ended June 30, 2008 and 2007, which collectively comprise The State Board of the Great Outdoors Colorado Trust Fund's basic financial statements as listed in the foregoing table of contents. These financial statements are the responsibility of The State Board of the Great Outdoors Colorado Trust Fund's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Great Outdoors Colorado's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and major fund of The State Board of the Great Outdoors Colorado Trust Fund as of June 30, 2008 and 2007, and the respective changes in financial position thereof for the years then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated September 5, 2008 on our consideration of The State Board of the Great Outdoors Colorado Trust Fund's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Management's discussion and analysis, on pages 11 through 14, and the major fund budgetary comparison information, on pages 30 and 31, are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

The State Board of the Great Outdoors Colorado Trust Fund

Management's Discussion and Analysis

June 30, 2008 and 2007

The State Board of the Great Outdoors Colorado Trust Fund's (GOCO) discussion and analysis is designed to provide a financial performance overview of GOCO's financial activities for the Fiscal Years Ended June 30, 2008 and 2007. The management's discussion and analysis is intended to be read in conjunction with the GOCO financial statements beginning on page 16.

Financial Highlights

GOCO receives funding from net Lottery proceeds and makes investments and grants for projects that preserve, protect and enhance Colorado's wildlife, park, river, trail and open space heritage. Investments and grants are provided to four areas: wildlife; state parks and outdoor recreation; open space and natural areas; local governments' open space, parks and environmental education. The following table highlights significant variances between Fiscal Year 2008, Fiscal Year 2007 and Fiscal Year 2006.

	<u>Fiscal Year Ended June 30,</u>			2008/2007 Variance	2007/2006 Variance
	2008	2007	2006		
Lottery revenues	\$ 53,104,374	\$ 51,277,820	\$ 50,230,238	\$ 1,826,554	\$ 1,047,582
Grant expenditures	\$ 52,085,202	\$ 47,241,014	\$ 57,540,024	\$ 4,844,188	\$ (10,299,010)

2008

- GOCO received its maximum allowable Lottery proceeds for the year of approximately \$53.1 million, per the Constitutional cap. This represents a \$1.8 million increase over Fiscal Year 2007 in Lottery proceeds to GOCO.
- Grant expenditures increased by 10% or \$4.8 million from Fiscal Year 2007. Grant expenditures fluctuate year to year due to timing differences of project completions but GOCO averages approximately \$50 million in grant disbursements per year. The lower expenditures in Fiscal Year 2007 can be attributed to lower than anticipated wildlife purpose expenditures.

2007

- GOCO received its maximum allowable Lottery proceeds for the year of approximately \$51.3 million, per the Constitutional cap. This represents a \$1.0 million increase over Fiscal Year 2006 in Lottery proceeds to GOCO.
- Grant expenditures decreased by 18% or \$10.3 million from Fiscal Year 2006. The lower expenditures in Fiscal Year 2007 can be attributed to lower than anticipated wildlife purpose expenditures and grant expenditures being higher in Fiscal Year 2006 due to large-scale projects closing.

Overview of the Financial Statements

GOCO's only source of income, other than investment income, is the Colorado Lottery. Net Lottery proceeds are distributed as follows:

- 40% to the Conservation Trust Fund,
- 10% to the Division of Parks & Outdoor Recreation,
- The remaining 50% to GOCO up to the Constitutional limit.

The State Board of the Great Outdoors Colorado Trust Fund

Management's Discussion and Analysis

June 30, 2008 and 2007

GOCO's funding is capped at \$35 million using the base year of 1992 adjusted annually for inflation (\$53.1 million and \$51.3 million in Fiscal Year 2008 and Fiscal Year 2007, respectively); any annually remaining net Lottery proceeds in excess of the cap are distributed to the State Public School Fund.

Government-wide Statement

Statement of Net Assets

The following table reflects the condensed Statement of Net Assets as of June 30, 2008, 2007, and 2006.

<i>June 30,</i>	2008	2007	2006
Current and other assets	\$ 54,610,798	\$ 54,854,740	\$ 49,570,519
Capital assets, net	59,834	84,083	105,984
Total assets	54,670,632	54,938,823	49,676,503
Current liabilities	7,772,840	9,365,620	8,256,953
Net assets			
Invested in capital assets	59,834	84,083	105,984
Unrestricted	46,837,958	45,489,120	41,313,566
Total net assets	\$ 46,897,792	\$ 45,573,203	\$ 41,419,550

2008

The significant portions of current and other assets are cash and the Lottery proceeds receivable. Both the cash and the receivable amounts were consistent from Fiscal Year 2008 to Fiscal Year 2007. Lottery proceeds receivable decreased to \$5.5 million at June 30, 2008 from \$6.1 million at June 30, 2007. The decrease in the receivable is due to the timing of when the Constitutional cap is reached. The maximum was received in both years and the Constitutional amount was reached in May for both years. The cash balance increased to \$48.1 million in Fiscal Year 2008 from \$47.7 million in Fiscal Year 2007.

As of June 30, 2008 the current liabilities decreased by \$1.6 million from June 30, 2007. The liabilities outstanding at year-end consisted mainly of monthly bills that are owed to the Colorado Division of Parks and Outdoor Recreation and the Colorado Division of Wildlife. In Fiscal Year 2007, each agency had the May and June 2007 bills outstanding and the bills for Division of Parks and Outdoor Recreation were outstanding for February, March and April 2007. In Fiscal Year 2008, both agencies had bills outstanding for May and June 2008. In addition, the Division of Parks and Outdoors Recreation bills for March and April 2008 were outstanding. This resulted in one month less of accruals for the agencies as of June 30, 2008.

2007

The significant portions of current and other assets are cash and the Lottery proceeds receivable. Lottery proceeds receivable decreased to \$5.5 million at June 30, 2008 from \$6.1 million at June 30, 2007 from \$1.9 million at June 30, 2006. The cash balance increased to \$48.1 million at June 30, 2008 from \$47.7 million at June 30, 2007 from \$46.7 million at June 30, 2006. The increase in the receivable is due to the timing of when the Constitutional cap is reached. In Fiscal Year 2006 the maximum Lottery proceeds were reached in April, whereas in Fiscal Year 2007, the Constitutional amount was reached in May. This resulted in Fiscal Year 2007 having a substantially higher receivable at year-end.

The State Board of the Great Outdoors Colorado Trust Fund

Management's Discussion and Analysis

June 30, 2008 and 2007

As of June 30, 2007 the current liabilities increased by \$1.1 million from June 30, 2006. The liabilities incurred at year-end consisted mainly of monthly bills that are owed to the Colorado Division of Parks and Outdoor Recreation and the Colorado Division of Wildlife. In Fiscal Year 2006, each agency had the May and June 2006 bills outstanding and the bills for Division of Parks and Outdoor Recreation for March and April 2006. In Fiscal Year 2007, both agencies had bills outstanding for the same number of months as Fiscal Year 2006. In addition, the Division of Parks and Outdoor Recreation also had a bill outstanding for the month of February. This resulted in an increase in the year-end amount of current liabilities as of June 30, 2007.

Statement of Activities

The following table reflects the condensed statement of activities for the Fiscal Years Ended June 30, 2008, 2007, and 2006.

<i>June 30,</i>	2008	2007	2006
Revenue			
Lottery revenue	\$ 53,104,374	\$ 51,277,820	\$ 50,230,238
Investment earnings	2,077,189	1,849,799	1,026,064
Total revenue	55,181,563	53,127,619	51,256,302
Program expenses			
Grants expended	52,085,202	47,241,014	57,540,024
Personnel services and benefits	1,151,989	1,062,476	1,036,103
Operating	619,783	670,476	646,803
Total expenses	53,856,974	48,973,966	59,222,930
Change in net assets	1,324,589	4,153,653	(7,966,628)
Beginning net assets	45,573,203	41,419,550	49,386,178
Ending net assets	\$ 46,897,792	\$ 45,573,203	\$ 41,419,550

2008

Revenue was consistent with Lottery net proceeds reaching the Constitutional cap each year since Fiscal Year 2004. Investment income increased substantially in Fiscal Years 2007 and 2008. The increase is due to the unrealized gain / loss recorded on GOCO's investment account. Actual cash received from interest increased by approximately \$50,000 in Fiscal Year 2008 from Fiscal Year 2007. Grant expenditures in Fiscal Year 2008 increased by \$4.8 million from Fiscal Year 2007. Grant expenditures are incurred on a reimbursement basis.

2007

Revenue was consistent with Lottery net proceeds reaching the Constitutional cap each year since Fiscal Year 2004. Investment income increased substantially in Fiscal Year 2007. The increase is due to the unrealized gain / loss recorded on GOCO's investment account. Actual cash received from interest increased by approximately \$85,000 from Fiscal Year 2006. Operating expenses increased in Fiscal Year 2007 due to expenses related to GOCO's website and the Open Space Mapping project being completed in conjunction with Colorado State University. Grant expenditures in Fiscal Year 2007 decreased by \$10.3 million from Fiscal Year 2006. Grant expenditures are incurred on a reimbursement basis. The decrease incurred in Fiscal Year 2007 is mainly due to lower than anticipated expenditures from the Colorado Division of Wildlife purpose.

The State Board of the Great Outdoors Colorado Trust Fund

Management's Discussion and Analysis

June 30, 2008 and 2007

Economic Factors and Next Year's Budget

GOCO's projections for Lottery proceeds that will be available to GOCO are equal to the Colorado Lottery's projections. Next year, GOCO is projecting \$54.8 million in revenue from the Lottery, while the Constitutional cap for Fiscal Year 2009 is projected to be \$54.3 million. The budget for GOCO was established prior to the Fiscal Year Constitutional cap being finalized at \$54.3 million. Also, GOCO is budgeting \$1,799,822 for operating expenditures. This amount is classified as follows:

Salaries and benefits	\$ 1,232,126
Operating expenses	547,196
Capital expenditures	20,500
	<u>\$ 1,799,822</u>

The State Board of the Great Outdoors Colorado Trust Fund

Notes to Financial Statements

June 30, 2008 and 2007

Note 1: Definition of Reporting Entity

The State Board of the Great Outdoors Colorado Trust Fund (GOCO), a political subdivision of the State of Colorado, was established at the 1992 General Election through the electorate's adoption of Amendment 8, which resulted in Article XXVII of the Colorado Constitution. Article XXVII established the Great Outdoors Colorado Trust Fund and the State Board as the trustee of the trust fund and allocates certain net proceeds of the Colorado Lottery to GOCO in trust. Article XXVII authorizes GOCO to use these funds to preserve and enhance Colorado parks, wildlife, trails, rivers, open space and natural areas by making strategic investments, fostering partnerships among diverse interests, and supporting education about the outdoor environment of the State of Colorado.

GOCO follows the Governmental Accounting Standards Board ("GASB") accounting pronouncements that provide guidance for determining which governmental activities, organizations and functions should be included within the financial reporting entity. GASB pronouncements set forth the financial accountability of a governmental organization's elected governing body as the basic criterion for including a possible component governmental organization in a primary government's legal entity. Financial accountability includes, but is not limited to, appointment of a voting majority of the organization's governing body, ability to impose its will on the organization, potential for the organization to provide specific financial benefits or burdens and fiscal dependency. GOCO does not have any component units.

GOCO is a separate political subdivision of the State of Colorado as stated in Article XXVII. GOCO is not considered to be a component unit of the State for the purpose of the State's annual financial reporting.

Note 2: Summary of Significant Accounting Policies

The significant accounting policies of GOCO are described as follows:

Government-wide and fund financial statements

Because GOCO is a special-purpose government engaged in a single governmental program, it has presented its government-wide financial statements and fund financial statements together with an adjustment column to show the reconciliation between the two required basic statements.

The government-wide financial statements (the statement of net assets and the statement of activities) report information on all of the nonfiduciary activities of GOCO.

Both of the government-wide financial statements are designed to distinguish functions of GOCO that are principally supported by intergovernmental revenues and operating grants (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The primary governmental activities of GOCO include the distribution of funds to preserve and enhance Colorado parks, wildlife, trails, rivers, open space and natural areas. GOCO has no business-type activities.

The statement of activities demonstrates the degree to which the direct expenses of a given function or program is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or program. Program revenues include grants, contributions, and other revenues that are restricted to use in the operational or capital requirements of a specific function or program. Other revenues not directly related to a particular function or programs are reported separately as general revenues.

Since GOCO does not operate any enterprise fund or internal service fund activities, there are no proprietary funds to include in this report. The general fund, because it is considered to be a major governmental fund and is GOCO's only fund, is reported as a separate column in the fund financial statements.

The State Board of the Great Outdoors Colorado Trust Fund

Notes to Financial Statements

June 30, 2008 and 2007

Measurement focus, basis of accounting and financial statement presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as expenditures when all of the eligibility and reimbursement requirements of the grantor have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized when they are both measurable and available. Revenues are considered to be available when they are collectible within the current fiscal year or soon enough thereafter to pay liabilities of the current fiscal year. For this purpose, GOCO considers revenues to be available if they are collectible within approximately sixty days of the end of the current fiscal year. Expenditures generally are recorded when a liability is incurred, as under accrual accounting.

Under the modified accrual basis of accounting, as used in the governmental fund financial statements, acquisition costs of capital assets are recorded as expenditures at the time of purchase and depreciation is not recognized on these capital assets.

GOCO reports the following major governmental fund:

The general fund is the primary operating fund. It accounts for all general operating financial resources of GOCO. There are no resources required to be accounted for in any other fund.

Private sector standards of accounting and financial reporting issued prior to December 1, 1989 are generally followed in the government-wide financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board (GASB).

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from these estimates.

Budgets

GOCO's budget is not legislatively adopted.

Capital Assets

The capital assets of GOCO consist primarily of furniture and fixtures, computer hardware and software, equipment and leasehold improvements used in the routine operation of GOCO. Durable items with a useful life greater than one year and a cost greater than \$2,000 are capitalized. Prior to 2007, the capitalization threshold was \$1,000. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the life of the asset are not capitalized.

Capital assets of GOCO are depreciated using the straight-line method over the following estimated useful lives:

Asset Type	Years
Furniture and fixtures	10
Computer hardware and software	3 - 10
Equipment	5 - 7

The State Board of the Great Outdoors Colorado Trust Fund

Notes to Financial Statements

June 30, 2008 and 2007

Leasehold improvements are amortized over the life of the lease or expected useful life, whichever is less.

Accrual for compensated absences

GOCO has a policy that allows permanent employees to accumulate unused vacation benefits up to a maximum of 160 hours. Sick leave is forfeited upon termination of employment with GOCO and therefore is not accrued on GOCO's financial statements. A liability has been recorded for compensated absences in the financial statements.

State Lottery proceeds

State Lottery proceeds are a distribution from the Colorado State Lottery based on the calculation of net proceeds and allocations established in Article XXVII. The calculation of net proceeds incorporates Lottery revenue, operation expenses, prize payments, and certain reserves. Article XXVII provides for net proceeds to be distributed not less than quarterly to the Conservation Trust Fund and Division of Parks and Outdoor Recreation in amounts allocable by statute as amended as of January 1, 1992; to certain debt service payments through November 1998; and to GOCO.

GOCO's share is limited by Article XXVII to \$35 million annually, adjusted for changes in the Consumer Price Index compounded annually based on 1992. GOCO's share for Fiscal Years 2008 and 2007 was approximately \$53.1 million and \$51.3 million, respectively, which was the maximum amount allowable under the State Constitution. GOCO has estimated Lottery proceeds to be \$54.3 million, the maximum allowable, for Fiscal Year 2009.

Fund equity

Designations of unreserved fund balances indicate GOCO's intention for future utilization of such funds and are subject to change by GOCO. The designated fund balance in the General Fund in the amount of \$0 and \$2,633,347 as of June 30, 2008 and 2007, respectively, represents the amount of budgeted subsequent year expenditures in excess of revenues.

Note 3: Reconciliation of Government-wide and Fund Financial Statements

Explanation of certain differences between the governmental fund balance sheet and the government-wide statement of net assets

The statement of net assets and governmental fund balance sheet includes an adjustment between fund balance total governmental funds and net assets — governmental activities as reported in the government-wide statement of net assets. The only element of that adjustment pertains to capital assets. Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the fund. The \$59,834 and \$84,083 adjustments as of June 30, 2008 and 2007, respectively, to capital assets, represent the capital assets of GOCO, net of accumulated depreciation.

Explanation of certain differences between the governmental fund statement of revenues, expenditures and changes in fund balance and the government-wide statement of activities

The statement of activities and governmental fund revenues, expenditures, and changes in fund balance includes an adjustment between net changes in fund balance — total governmental fund and change in net assets of governmental activities as reported in the government-wide statement of activities. The only element of that adjustment pertains to capital assets.

The State Board of the Great Outdoors Colorado Trust Fund

Notes to Financial Statements

June 30, 2008 and 2007

Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This adjustment represents the amount by which depreciation expense exceeded capital outlays (capital outlays exceeded depreciation expense) in the periods presented. The details of this adjustment are as follows:

<i>Year Ended June 30,</i>	2008	2007
Loss on disposal	\$ -	\$ 10,552
Capital outlay	(6,000)	(20,369)
Depreciation expense	30,249	31,718
Net adjustment to decrease net changes in fund balances – total governmental fund to arrive at change in net assets of governmental activities	\$ 24,249	\$ 21,901

Note 4 Cash Deposits and Investments

Cash Deposits

The Colorado Public Deposit Protection Act (“PDPA”) requires that all political subdivisions of the State deposit cash in eligible public depositories. Eligibility is determined by state regulators. Amounts on deposit in excess of federal insurance levels must be collateralized. The eligible collateral is specified under the PDPA. PDPA allows the institution to create a single collateral pool for all public funds. The pool for all the uninsured public deposits as a group is to be maintained by another institution or held in trust. The market value of the collateral must be at least equal to 102% of the aggregate uninsured deposits.

The Colorado Division of Banking and Financial Services are required by statute to monitor the naming of eligible depositories and reporting of the uninsured deposits and assets maintained in the collateral pools.

As of June 30, 2008, GOCO’s cash deposits had bank and carrying balances as follows:

<i>June 30, 2008</i>	Bank Balance	Carrying Balance
Cash on hand	\$ -	\$ 126
Insured deposits	100,000	75,441
Deposits collateralized in single institution pools	328,662	-
	\$ 428,662	\$ 75,567

As of June 30, 2007, GOCO’s cash deposits had bank and carrying balances as follows:

<i>June 30, 2007</i>	Bank Balance	Carrying Balance
Cash on hand	\$ -	\$ 247
Insured deposits	100,000	51,629
Deposits collateralized in single institution pools	38,839	-
	\$ 138,839	\$ 51,876

Because GOCO’s deposits are either FDIC insured or collateralized under PDPA in single institution pools, none are deemed to be exposed to custodial credit risk under GASB 40, *Deposit and Investment Risk Disclosures*.

Investments

Colorado statutes specify investment instruments meeting defined rating and risk criteria in which a political subdivision may invest, which include:

The State Board of the Great Outdoors Colorado Trust Fund

Notes to Financial Statements

June 30, 2008 and 2007

- Obligations of the United States and certain U.S. Government agency securities
- General obligation and revenue bonds of U.S. local government entities
- Written repurchase agreements collateralized by certain authorized securities
- Certain money market funds
- Guaranteed investment contracts
- Local government investment pools

State Treasurer's Cash Pool

GOCO invests its net Lottery proceeds with the State Treasurer. The State Treasurer has invested the monies held in the Trust Fund in the State Treasurer's cash pool. A detailed composition of the cash and investments is available in the annual State Treasurers' Report that also provides GASB 40 disclosures regarding investment risk for GOCO's investments held by the State Treasurer.

Summary

Total cash deposits and investments are as follows:

<i>June 30,</i>	2008	2007
Cash deposits	\$ 75,567	\$ 51,876
Investments	47,977,059	47,643,876
	\$ 48,052,626	\$ 47,695,752

Investment Earnings

Investment earnings are composed of the following:

<i>Year Ended June 30,</i>	2008	2007
Investment income	\$ 1,607,804	\$ 1,557,551
Net unrealized gains on investments held by the State	469,385	292,248
	\$ 2,077,189	\$ 1,849,799

Investment income in 2008 and 2007 was sufficient to cover all operating costs.

Note 5: Lottery Proceeds Receivable

As of June 30, 2008 and 2007, GOCO had distributions owed from the Colorado State Lottery amounting to \$5,532,016 and \$6,133,152, respectively. For the receivable as of June 30, 2008, this represents GOCO's allocation of net proceeds from the Colorado State Lottery for the months of April and May 2008, the month in which GOCO reached the Constitutional cap (Note 2). For the receivable as of June 30, 2007, this represents GOCO's allocation of net proceeds from the Colorado State Lottery for the months of April and May 2007. These revenues are both measurable and available to finance expenditures of the fiscal period. No allowance for doubtful accounts is considered necessary as management believes the receivables are fully collectible.

The State Board of the Great Outdoors Colorado Trust Fund

Notes to Financial Statements

June 30, 2008 and 2007

Note 6: Note Receivable

On June 9, 2006, GOCO entered into a zero interest promissory note (with annually renewable one year terms) with the City of Colorado Springs, Colorado (the City) in the amount of \$1,000,000 for the acquisition of Red Rock Canyon property in El Paso County, Colorado. Because the City utilized Certificates of Participation ("COPs") to purchase the property, an easement on the property cannot be recorded until the COPs are paid in full. Accordingly, the easement has been placed in escrow and will remain there until the COPs have been paid in full by the City, estimated to be in 2018. Upon the due date of the note, the note will be considered paid in full without the transfer of any principal or interest to GOCO provided that: 1) the COPs have been redeemed, 2) all other terms (relating to items such as project scope, loan/grant conditions, budget, timeline, etc.) of the loan agreement have been satisfied and 3) there is no event of default. Under GASB 33, *Accounting and Financial Reporting for Nonexchange Transactions*, the note is considered an advance until these requirements are met. At the time the requirements are met, GOCO will reclassify the note to grant expense.

Note 7: Capital Assets

An analysis of the changes in capital assets for the Year Ended June 30, 2008, follows:

	Balance at July 1, 2007	Additions	Retirements	Balance at June 30, 2008
Equipment	\$ 74,034	\$ -	\$ -	\$ 74,034

June 30, 2008 and 2007

Note 8: Awarded Grants and Expended Grants

The following is a summary of grants authorized and grants expended from inception in 1993 through June 30, 2008 and June 30, 2007:

Grants Awarded

	Cumulative Authorized Grants at June 30, 2007	Transfers/ Additions	Transfers/ Deletions	Cumulative Authorized Grants at June 30, 2008
Colorado Division of Wildlife	\$ 136,997,652	\$ 20,783,674	\$ (16,810)	\$ 157,764,516
Colorado State Parks and Outdoor Recreation	139,200,458	4,855,059	(128,392)	143,927,125
Open space	147,601,422	34,397,238	(2,613,956)	179,384,704
Local governments	146,217,816	29,428,247	(3,002,136)	172,643,927
Noncategorized – Discretionary	1,070,174	-	-	1,070,174
	\$ 571,087,522	\$ 89,464,218	\$ (5,761,294)	\$ 654,790,446

On March 28, 2008 the Colorado State Parks and Outdoor Recreation purpose was conditionally awarded \$8.6 million in awards. Subsequently, on July 16, 2008 (Fiscal Year 2009) the GOCO Board rescinded the \$8.6 million of awards from March 2008. This rescission is shown net of the original \$13,483,792 award in the Transfers/Additions column for Fiscal Year 2008.

	Cumulative Authorized Grants at June 30, 2006	Transfers/ Additions	Transfers/ Deletions	Cumulative Authorized Grants at June 30, 2007

Note 9: Commitments and Contingencies

Operating Lease

GOCO leases facilities, copy machines, and vehicles under operating leases that expire in August 2008, April 2011 and June 2012, respectively. Additionally, GOCO leases a postage meter under an operating lease that does not have an expiration date. Total facilities and equipment rental lease expense for the Years Ended June 30, 2008 and 2007 was \$121,843 and \$120,160, respectively. Future minimum lease payments under the leases are as follows:

	Amount
2009	\$ 121,477
2010	121,539
2011	107,315
2012	6,492
2013	888
Total	\$ 357,711

Note 10: Pension Plans

As a political subdivision of the State, GOCO has elected not to use the Public Employees' Retirement Association of Colorado ("PERA"). GOCO has established a retirement plan that consists of an employer funded Defined Contribution Pension Plan and an employee funded Deferred Compensation Plan.

Defined Contribution Pension Plan

As of July 1, 2002, GOCO amended and restated the State Board of the Great Outdoors Colorado Trust Fund Pension Plan. Unified Trust Company administers this plan at the direction of each employee for his/her own account.

There are no age or service requirements determining eligibility, and participation is mandatory. Employer contributions are calculated based on 10.2% of each eligible employee's gross salary (base salary plus performance awards). Assets of the plan are held in trust for the exclusive benefit of participating employees. Therefore, the plan assets are not reflected as an asset of GOCO.

GOCO contributed \$91,386 and \$82,272 to the plan for the Years Ended June 30, 2008 and 2007, respectively, which approximates the required contribution.

Deferred Compensation Plan

GOCO has a State Board of the Great Outdoors Colorado Trust Fund Deferred Compensation Plan created in

The State Board of the Great Outdoors Colorado Trust Fund

Notes to Financial Statements

June 30, 2008 and 2007

accordance with Internal Revenue Code Section 457. This plan is administered by Unified Trust Company at the direction of each employee for his/her own account. The plan allows the employees to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement or death or unforeseen emergencies.

Contributions to the plan are made by GOCO's employees through a pre-tax payroll deduction. Contributions to the plan are mandatory for all permanent employees with a minimum required contribution of 6.2% of each employee's gross salary. Contributions above 6.2% are allowed on a voluntary basis not to exceed a maximum permissible amount. Assets of the plan are held in trust for the exclusive benefit of participating employees. Therefore, the plan assets are not reflected as an asset of GOCO.

Note 11: Related Parties — State Agencies

Board Composition and Approval of Grants

The Board of GOCO is composed of seventeen members, fourteen of whom are public members (two from each congressional district) appointed by the Governor, subject to the consent of the Senate. The three ex-officio members include the Executive Director of the Colorado Department of Natural Resources; a representative designated by the State Board of Parks and Outdoor Recreation; and a representative designated by the Colorado Wildlife Commission. The State Board of Parks and Outdoor Recreation and the Colorado Wildlife Commission are the governing bodies of the Colorado Division of Parks and Outdoor Recreation and the Colorado Division of Wildlife, respectively. These State agencies are under the administrative direction of the Colorado Department of Natural Resources.

Under the Colorado Constitution, the Board of GOCO is responsible for ensuring that expenditures are made for purposes stipulated, including investing in wildlife resources through the Colorado Division of Wildlife and investing in outdoor recreation resources through the Colorado Division of Parks and Outdoor Recreation. In addition, the Colorado Division of Wildlife and the Colorado Division of Parks and Outdoor Recreation are eligible to apply for competitive grants for open space and natural areas of statewide significance, along with local governmental entities and nonprofit land conservation organizations.

Note 12: Risk Management

GOCO is exposed to various risks of loss related to torts, thefts of, damage to, or destruction of assets; errors or omissions; injuries to employees; or acts of God. GOCO carries commercial insurance coverage for all risks of loss including workers compensation and employee health and accident insurance. GOCO has settled one claim since inception, which did not exceed commercial coverage.

Note 13: Tax, Spending and Debt Limitations

In November 1992, Colorado voters passed Section 20, Article X of the Colorado Constitution, commonly known as the Taxpayer's Bill of Rights (TABOR). TABOR contains revenue, spending, tax, and debt limitations that apply to the State of Colorado and all local governments. In the same general election, Amendment 8 was passed creating GOCO. The simultaneous passage of these two constitutional amendments raised questions as to whether there are irreconcilable conflicts between the two amendments. The General Assembly determined, in Section 24-77-102(17)(b)(ix) C.R.S., that the net proceeds from the Colorado Lottery that are deposited in GOCO are excluded from the scope of "state fiscal year spending" for purposes of TABOR. The Colorado Supreme Court, in response to an interrogatory from the General Assembly, approved that determination.

TABOR is complex and subject to further legislative and judicial interpretation. GOCO believes it is in compliance with both of these constitutional amendments.

Independent Auditors' Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

Members of the Board of Trustees and the Legislative Audit Committee:

We have audited the financial statements of the governmental activities and major fund of The State Board of the Great Outdoors Colorado Trust Fund ("GOCO") as of and for the year ended June 30, 2008, which collectively comprise The State Board of Great Outdoors Colorado Trust Fund's basic financial statements and have issued our report thereon dated September 5, 2008. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered GOCO's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of GOCO's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of GOCO's internal control over financial reporting.

A *control deficiency* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects GOCO's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of GOCO's financial statements that is more than inconsequential will not be prevented or detected by GOCO's internal control.

A *material weakness* is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by GOCO's internal control.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether GOCO's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted one matter that we reported to GOCO's Board of Trustees and the Members of the Legislative Audit Committee in the Finding and Recommendation section as listed in the foregoing Table of Contents.

This report is intended solely for the information and use of management, Members of GOCO's Board of Trustees, the State of Colorado's Legislative Audit Committee, and the State Auditor and is not intended to be and should not be used by anyone other than these specified parties. However, upon release by the Legislative Audit Committee this report is a matter of public record and its distribution is not limited.

Required Communications to Members of the Board of Trustees and the Legislative Audit Committee

Professional standards require us to advise you of the following matters relating to our recently completed audit. The matters discussed herein are those that we have noted as of September 5, 2008 and we have not updated our procedures regarding these matters since that date to the current date.

Our Responsibility Under Generally Accepted Auditing Standards

As stated in our contract dated March 28, 2008, our responsibility, as prescribed by professional standards, is to plan and perform our audit to obtain reasonable – not absolute – assurance about whether the financial statements are free of material misstatements, whether caused by error or fraud. An audit in accordance with generally accepted auditing standards does not provide absolute assurance or guarantee the accuracy of the financial statements and is subject to the inherent risk that errors or fraud, if they exist, have not been detected. Such standards also require that we obtain a sufficient understanding of GOCO's internal control to plan the audit. However, such understanding is required for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

Required Communications – Internal Control Over Financial Reporting

In conjunction with our audit of the financial statements of GOCO, we considered GOCO's internal control over financial reporting ("ICFR") as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of GOCO's ICFR. Accordingly, we do not express an opinion on the effectiveness of GOCO's ICFR. However, we are required to communicate, in writing, to those charged with corporate governance all material weaknesses and significant deficiencies that have been identified during our audit. The definitions of material weakness, significant deficiency and control deficiency follow.

Material Weakness	<p>A significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected.</p> <p><i>Note: The term remote likelihood as used in the definitions of the terms significant deficiency and material weakness has the same meaning as the term remote as used in Financial Accounting Standards Board ("FASB") Statement of Financial Accounting Standards No. 5, Accounting for Contingencies.</i></p>
Significant Deficiency	<p>A control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected.</p> <p><i>See note under Material Weakness above.</i></p>
Control Deficiency	<p>A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A deficiency in design exists when (a) a control necessary to meet the control objective is missing or (b) an existing control is not properly designed so that even if the control operates as designed, the control objective is not always met. A deficiency in operation exists when a properly designed control does not operate as designed or when the person performing the control does not possess the necessary authority or qualifications to perform the control effectively. Control deficiencies may involve one or more of the five interrelated components of internal control.</p>

We noted no material weaknesses in our audit for the year ended June 30, 2008.

Required Communications
The State Board of the Great Outdoors Colorado Trust Fund

Auditor's judgment about the quality of the Organization's accounting policies, estimates and financial statement disclosures

In accordance with applicable auditing standards, a discussion was held with those charged with governance regarding the quality of financial reporting, which included GOCO's significant accounting practices, estimates and financial statement disclosures.

Critical and significant accounting policies

We have reviewed the accounting policies that management has identified to be the most critical, and concur with management's assessment. These include revenue recognition, grant expenditures in compliance with applicable guidelines and procedures, recording of the grants payable, and the constitutional requirement for substantially equal distributions of grant expenditures over time for the four purposes.

Adoption of a change in accounting principles

There were no situations involving the adoption of, or a change in, accounting principles where the application of alternative generally accepted accounting principles, including alternative methods of applying an accounting principle, would have a material effect on GOCO's financial statements.

Material, corrected misstatements brought to the attention of management by the auditor

For purposes of this letter, professional standards define an audit adjustment as a proposed correction of the financial statements that, in our judgment, may not have been detected except through our auditing procedures. The definition includes adjustments that were not recorded by GOCO because they are not material to the current financial statements but might be potentially material to future financial statements.

During our audit, no audit adjustments were noted.

Unrecorded misstatements, other than those the auditor believes to be trivial

No unrecorded misstatements were noted during our audit.

Other information in documents containing the Organization's audited financial statements

Our responsibility for other information in documents containing GOCO's audited financial statements does not extend beyond the financial information identified in the audit report, and we are not required to perform procedures to corroborate such other information.

Disagreements with Management

There were no disagreements with management on financial accounting and/or reporting matters and auditing procedures that, if not satisfactorily resolved, would cause a modification of our auditors' reports.

Consultation with Other Accountants

We are not aware of any consultations about accounting or auditing matters between management and other independent public accountants. Nor are we aware of opinions obtained by management from other independent public accountants on the application of generally accepted accounting principles.

Major issues discussed with management prior to our retention

Prior to our being retained as auditor for the current fiscal year, there were no major accounting or other issues of concern discussed with management.

Required Communications

The State Board of the Great Outdoors Colorado Trust Fund

Significant difficulties encountered during the audit

There were no significant difficulties encountered during the audit. All records and information requested by Anton Collins Mitchell LLP were freely available for inspection. Management and other personnel provided full cooperation.

Material alternative accounting treatments discussed with management

There was no discussion with management concerning alternative accounting treatments.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated September 5, 2008.

Other issues arising from the audit the auditor considers significant and relevant to those charged with governance

There were no other issues arising from the audit that we consider significant and relevant to those charged with governance.

Should you desire further information concerning these matters, we will be happy to meet with you at your convenience.

This letter is solely for the internal use of the members of the Board of Trustees and management of the State Board of the Great Outdoors Colorado Trust Fund, members of the Legislative Audit Committee, and the Office of the State Auditor, and should not be distributed to any other persons or used for any other purpose.

Very truly yours,

Anton Collins Mitchell LLP
