FORTY-EIGHTH ANNUAL REPORT
OF THE
COLORADO TAX COMMISSION
TO THE
GOVERNOR, TREASURER AND LEGISLATURE
1959

We submit herewith our Forty-eighth Annual Report showing the assessed valuation of the various classes of property together with the valuations, levies and revenues for the State and each of its political subdivisions.

STATE VALUATION

The valuation of the state for 1959, as set by the State Board of Equalization is \$3,422,183,719. This is an increase of \$130,766,051 or 3.97 per cent over 1958.

The taxes levied by the various taxing sub-divisions of the state are \$190,733,939.37. This is an increase of \$11,402,634.39 or 6.36 per cent over 1958.

The State Board of Equalization again upheld the recommendation of the Tax Commission that real and personal property in Arapahoe County be increased in the sum of \$10,000,000. This sum was added to the value of locally assessed property, and also for the year 1958, ending a year and a half of controversy.

Locally assessed real estate totals \$2,425,174,006 for the year 1959, an increase of \$92,473,079, or 3.96 per cent over 1958.

Locally assessed personal property totals \$605,879,913 for the year 1959, an increase of \$29,933,022, or 5.20 per cent

over 1958. This reflects growing inventories of merchandise and livestock as well as favorable prices.

Utility or state assessed property amounts to \$391,129,800, an increase of \$8,359,950, or 2.18 per cent over 1958.

During November and December the Legislative Council released three reports to the General Assembly. No. 32 covered Colorado Property Assessment Methods. No. 33 dealt with Public Utility Assessments and No. 34 reported the Sales Ratio Study for an additional year.

Following the release of these reports several meetings were held with the Legislative Council, the Civil Service Commission and the Budget Director. Legislation will doubtless be introduced in an attempt to cure the ills brought to light in these studies. It will require an additional \$17,000 for the balance of this year and \$60,000 next year to implement our revised organization and work pattern.

On April 16, 1959, the Commission held a scheduled hearing at the Court House in Pueblo to hear complaint of Pacific Northwest Pipe Line relative to local assessment of oil field casing alleged to be in interstate commerce. The Commission ordered the tax to be abated.

The Commission considered seventeen applications of school districts to issue bonds in excess of the statutory limit. It authorized the issuance of \$13,714,000 worth of bonds.

The Commission approved 253 applications of school districts to levy in excess of five per cent more revenue than was levied in 1958.

Fifty-three counties found it necessary to apply for revenue in excess of the statutory limits. So did forty-six cities and towns, as well as 80 special districts.

Eight hundred and eleven abatement, rebate and refund petitions were received for final consideration and action. Seven hundred and ninety-eight were approved, the taxes amounting to \$427,898.20. Thirteen were denied, the taxes amounting to \$79,983.97.

Forty-seven counties were officially visited by one or more commissioners and numerous trips were repeated to counties when and where the occasion required it.
