Ground Water Data	
Tabular data, July 1, 1995 through June 30, 2000	10-14
Graph, Total Well Permit Applications Received, July 1,1995 through June 30,2000	15
Graph, Total Monitoring and Test Hole Acknowledgements, July 1, 1995 through June 30, 2000	15
Graph, Total Permits Issued and denied, July 1, 1995 through June 30, 2000	15
Number of Well Permit Applications Received by County and Major Uses, 1996 - 2000	16
Number of Completed Wells by County and Primary Uses through December 31, 2000	18

Introduction

Welcome to the Division of Water Resources' Cumulative Yearly Statistics for 2000. This publication provides our customers with yearly data of surface water use and ground water well application and permitting activity. We hope you find this publication useful.

This data is collected from the Division Engineer's Annual Reports and represents the seven major water basins in the state. The publication takes yearly stream delivery data, as collected by our division offices and presents it in two different formats. Yearly tabular data is provided for the water years 1996 through 2000. Selections of this data are also provided to you in a graphical format, providing a viewer friendly way to look at recent trends in water deliveries. The same presentation is made for ground water well permitting activities of the Division from July 1, 1995 through June 1, 2000. Subsequent publications will include the updates for the most recent completed years.

Included in this year's report are statistics on the number of well permit applications received by county and the major uses for the years 1996-2000, and the number of completed wells by county and the primary uses through December 31, 2000.

Marta Ahrens, Public Information Officer
June 2001
