*Averages are calculated using only students with valid scores in a particular subject. This number is different for each subject and does not necessarily match the overall student count.

**Student counts are the number of students tested, excluding testing statuses "Did not test - Student eligible for alternate assessment" and "Did not test - Student withdrew before administration".

***Valid records include any student with "student tested" as testing status. These students have at least one subject score. If a student does not have all four subject scores, then they will not have a composite score.

****The number of students with a code indicating "Student tested" is different from the number of students with valid tests in each subject.
